1) REACH Annex XVII – Restrictions

REACH **Annex XVII** currently contains **77 restriction entries**, as maintained and published by the **European Chemicals Agency (ECHA)**. These restrictions apply to the manufacture, placing on the market, or use of certain substances, mixtures, or articles and include, where applicable. StayOnline products comply with all applicable **REACH Annex XVII restriction requirements** relevant to electrical and electronic equipment. REF: https://www.compliancegate.com/reach-annex-xvii-substances-list/

2) REACH Candidate List – Substances of Very High Concern (SVHCs)

The **REACH Candidate List**, published under **Article 59**, was most recently updated by ECHA on **4 February 2026** and now contains **253 entries of Substances of Very High Concern (SVHCs)**. In accordance with **REACH Article 33**, suppliers of articles are required to inform recipients if an SVHC is present above **0.1% weight-by-weight at the article level**, including for complex products composed of multiple components.
Based on supplier declarations, material assessments, and internal compliance controls, **all products sold or otherwise placed on the market by StayOnline do not contain any SVHC above 0.1% (w/w) at the article level**. REF: [REACH Candidate List – ECHA]

3) Persistent Organic Pollutants (POPs) Regulation

StayOnline further certifies compliance with the **EU Persistent Organic Pollutants (POPs) Regulation (EU) 2019/1021**, as amended, including all applicable restrictions listed in **Annex I, Part A**, such as **PFOA, PFOS, and related substances**, except where explicitly marked otherwise in documented compliance records. REF: [https://echa.europa.eu/pops-legislation]

We hereby certify that **StayOnline products are in full compliance** with the above-referenced **REACH**, **Annex XVII**, **SVHC**, and **EU POPs** regulatory requirements, as applicable. Additional information on the Persistent Organic Pollutant (EU POPs) regulation can be found here:
REF: https://echa.europa.eu/pops-legislation
